

No, it's not a misprint.
You can get superb quality at a fantastic price.

\$19,990

Demag introduce the new, improved, more economical, faster DC range of electric chain hoists

Choose the best for less: Demag have always been the industry standard when it comes to hoists, but now our new range delivers unequalled German quality, productivity, efficiency and reliability you demand at a price you can afford. Unlike a luxury car, the DC range is available off the shelf today for immediate delivery.

Why buy a Demag DC hoist?

- New state of the art technology.
- German designed and manufactured.
- New competitive prices.
- 20% longer service life; many of our hoists are still going after 30 years or more.
- Comes with an extensive range of features and extras that other manufacturers will charge you for.
- Fast and easy pendant height adjustment. No need for rewiring.
- Simple installation and totally flexible operation.
- Gearbox, brake and clutch are maintenance free for 10 years on the Pro model.
- Two hoist speeds.
- Fast and simple maintenance with instant fault diagnosis.
- Improved safety.
- Full range of accessories.
- Service options available

Now there is no excuse not to buy the best
